GEORGIA WINTER INSTITUTE...

where person-centered planning meets
community building

SAVE THE DATE

January 8 – 11, 2012

This amazing event will bring people together from Georgia and beyond to discover how to infuse values-based, person-centered philosophies into our community building efforts. We will have a chance to learn from leaders in the field and each other. One of our activities will be to encourage commitments to sponsor community readings of *Waddie Welcome and the Beloved Community*. We will also explore strategies for sharing the stories of successes and dreams – our own and others – in our community work.

SOME OF OUR FEATURED SPEAKERS

JOHN O'BRIEN AND CONNIE LYLE O'BRIEN will share their values-based, person-centered philosophies.

BRUCE ANDERSON will help us to better understand our gifts and how to share our stories in ways that both engage and excite the listener.

TOM KOHLER is the co-author of *Waddie Welcome and the Beloved Community*.

DE'AMON has the gift of deeply listening and the ability to draw people into conversations that provide a window into the miracle of connecting communities.

MARK CRENSHAW will help us explore congregations and community organizations as resources for community building.

JESSIE COLMAN & CONNIE CURRY will share their experiences and insights on social justice

AND MANY, MANY MORE!
